COUNCIL MEETING.

Alldermen Discussed Proposed By-Laws. Sunday Evening—
New Passbook.

Another of the special meetings of the city council, which of late have become, from the point of view of the alldermen, distastefully frequent, was held on Saturday evening for the purpose of discussing three by-laws, not one of which was passed, only

four alldermen were present, the session being made up within two minutes of 8.30, after which hour the meeting could not legally have been held. After a somewhat desultory discussion the by-laws were held over for consideration at the next regular meeting of the council.

The first by-law to come up for consideration was that providing for the licensing of electricians. The by-law calls for the appointment of a board of examiners composed of the city

electorates and two ex-officio members appointed by the commissioners. Members of the board, no matter what their qualifications, would be required to undergo an examination before being permitted to undertake work in the city.

Alld. Merritt was disposed to take the view that the council should not pass this by-law. "It is a question," he said, "whether we are a council which will assist in the operation of a close corporation."

All alldermen pointed out that the standard of work would be fixed by the by-law, regulating interior and exterior wiring. "We do not care who does the work," he remarked, "so long as it is up to the standard."

Finally the by-law was held over for further discussion. The by-law provides for the prohibition of interior and exterior wiring was given a second reading, and was also held over.

The planning board met with a

similar fate, not getting even the second reading. It was held over pending the return of Alld. Merritt.

NEW ALBERTA MINE.

Camp Conditions in Southern Alberta Excellent—Lethbridge. Publicity Campaign.

Lethbridge, Alta., April 15.—Lethbridge Collieries, near Lethbridge, one of the mines in the alleged coal

merger, are rushing work in a short time, in order to start mining on a large scale. A contract has been awarded to the Lethbridge Brick and Terra Cotta Company for 150,000 bricks to build city cottages and mine buildings.

Work prospects in the Lethbridge district were never better. The recent snow storm delayed working, but operations are being resumed. Winter wheat is in perfect condition, the roads of seed oats are being sown.

Culver's Gervais, an old timer of

Fraser Creek, died of cancer. He has resided there since 1885. Tom Richardson, the famous job, fifty years, now 80th birthday, will come to Lethbridge about April 25th to inaugurate a publicity campaign.

We're Going to Press

WITHIN 10 days from to-day and are therefore making our special announcements concerning this epoch making edition we are publishing.

The immense circulation combined with its artistic appearance, authentic and reliable information and the wide publicity given to it all ensure the

Bulletin Greater Edmonton

Number being one of exceptional merit and benefit to both its subscribers and advertisers, even apart from its inestimable benefit that the city will derive from its circulation.

At this eleventh hour we would urge everyone to make sure of the number of copies they require and let us know at once. Also any further advertising announcements must be in before the 10 days have expired.

Further details of this great work can be obtained upon application to the Advertising Manager.
